

Objectives

- To secure a responsible career opportunity in the field of Geo-informatics to fully utilize my training and skills, while making a significant contribution to the success of the company.

Education

- **Mtech Geoinformatics**, IIST, Trivandrum 2023 - 2025
CGPA: 9.26/10.00
- **BE Geoinformatics**, Anna University Regional Campus, Tirunelveli 2018-2022
CGPA: 8.6/10.00
- **Higher Secondary**, Velalar Vidyalayaa Senior Secondary School, Erode 2018
Percentage: 91
- **Senior Secondary**, Velalar Vidyalayaa Senior Secondary School, Erode 2016
Percentage: 95

Skills

Technical Skills

- **Software:** ArcGIS, QGIS, ENVI, ERDAS IMAGINE, SNAP, LAStools
- **Programming Languages:** Python, Google Earth Engine, R
- **Database Management:** SQL

Soft Skills

- Communication
- Adaptability
- Problem-solving

Internships and Trainings

NPTEL Certification, IIT Roorkee, Online Feb 2026-Apr 2026

- The certification was based on the Data Analytics with Python conducted by the Indian Institute of Technology, Roorkee.

• **Research Internship:**, Space Application Center (SAC), Offline Aug 2024-May 2025

– Worked on the evaluation of Microwave Sounders using Radiative Transfer Model

• **GIS, Drones and Machine Learning for Resource Mapping:**

12-week 2 week training programme was conducted by IIT MADRAS through NPTEL+ where hands-on experience and training was given on QGIS, Google Earth Pro, Google Earth Engine, Python and Machine Learning for resource mapping.

- **Outreach Internship**, Agri Dept,Offline May 2024-Jul 2024
 - The 45 days internship was based on mapping water bodies with area estimation and geo-database creation for three blocks in Erode district under the Department of Agriculture, Erode.
- **NPTEL Certification**, IITB,Online Jan 2024 - April 2024
 - The certification was based on the Microwave Remote Sensing in Hydrology conducted by Indian Institute of Technology, Bombay.
- **UAV Based Survey**,IEEE GRSS,Offline Feb 2024
 - The demonstration was based on the UAV Based Survey in Azheekal Mangroves, Kollam, Kerala organized by IEEE GRSS Kerala Chapter.
- **Python Certification**, RSIGST,Online Aug 2023-Nov 2023
 - The training was based on the basic introduction python programming and libraries with respect to geospatial analysis by Radhanath Sikdhar Institute of Geo-spatial Science and Technology.
- **Geospatial Analysis Intern**, ESRDG, Online July 2021 - Aug 2021
 - Internship based on geo-spatial analysis through Google Earth Engine (GEE). It includes image classification, calculation of indices, and other geo-spatial operations
- **Applications of Satellite Altimetry for Inland Water bodies**, IIRS,Online Oct-2021
 - The one day online workshop was based on the Applications of Satellite Altimetry for Inland Water bodies,conducted by Indian Institute of Remote Sensing on 27-10-2021
- **Geospatial technology for hydrological modeling.**,IIRS,Online Jul 2021 - Jul 2021
 - Attended a workshop titled Applications of Satellite Altimetry for Inland Water bodies conducted on 27/10/2021 by Indian Institute of Remote Sensing.
- **R Programming**,Internshala Trainings, Online Apr 2021 - May 2021
 - Completed a six week online certified training on R Programming. The training consisted of Getting Started with R, Basic Data Structures in R Multidimensional Data Structures in R, Special R Data Structures and Handling with R's input-output, Programming, Data Visualization in R, and Final Project modules. I scored 100 percent in the final assessment and was a top performer in the training
- **Location Advantage**, ESRI, Online Mar 2021 - May 2021
 - It was a 6-week training program on location advantage conducted by ESRI.

Work Experience

- **Remote Sensing Analyst**, Niruthi Climate and Ecosystems,Hyderabad Sep 2025-Present

Projects

- **Evaluation of Microwave Sounders using Simulations from Radiative Transfer Model** Evaluation of of the Brightness temperature for Microsat 2b's millimetre wave Humidity Sounder (MHS) was carried out using Atmospheric Radiative Transfer Simulator (ARTS).
- **Water Hyacinth Spread Detection and Analysis Using Random Forest.**: This was a part of my course project which was carried with Sentinel 2 over the Vembanad Lake,Kerala using Google Earth Engine(GEE) to analyze the infestation of this weed with area estimation.

- **Shoreline and Landuse Changes in Cochin Over the Past 20 years(2003-2023):** This was a part of my course project which was carried with Landsat 8 over the Cochin coast using ArcMap,DSAS to analyse the shore changes around a distance of 2 km using Arcmap and the erosional and accretional changes were analyzed.
- **Visualisation of Digital Taxation using Web-GIS in Melapalayam Zone, Tirunelveli:** The tax mapping was my bachelors project done with the ground data of property tax with their payment status for the chosen area using QGIS, Apache Tom Cat, Geo-server, ArcGIS, MapStore. The payment status and the due amount to be paid were used for creation of a dynamic map for live updation of the status for NGO Colony, which is a particular region in the Melapalayam zone.
- **Assessment of impact on aquaculture using Remote sensing and GIS in Ganapathipuram:** This miniproject was based on assessing the aquaculture farms between years 2014 and 2021 to interpret the development of farms in the area of interest (Ganapathipuram) using ArcGIS.The Change detection of the aquaculture farms was carried out and the associated improvement over the areas was determined
- **Indices calculation using GEE:** As a part of the Geospatial Analysis internship, the Basic vegetation indices like NDVI, RVI, NDWI, EVI etc., were computed and visualized using Google Earth Engine.

Achievements

- Qualified GATE 2026 Examination in Geomatics Engineering (GE) Paper and secured AIR 32 with GATE Score of 717
- Qualified GATE 2025 Examination in Geomatics Engineering (GE) Paper and secured AIR 70 with GATE Score of 604
- Qualified GATE 2024 Examination in Geomatics Engineering (GE) Paper and secured AIR 45 with GATE Score of 679
- Presented a paper at the International Conference on Developments and Applications on Geomatics (DEVA -2022) on Visualisation of Digital Taxation using WebGIS in Melapalayam Zone.

Personal Information

Date of Birth: 28/03/2001

Address: Plot no 03, Lakshmi Nagar, Thindal,
Erode-638012, Tamil Nadu, India

Blood Group:O+ve

Nationality: Indian

Gender:Female

Marital Status:Single

Languages Known: Tamil, English, and Hindi

Extracurricular Activities

- Blood Donation Actively involved in Blood Donation Campaign held in SAC(ISRO), Ahmedabad organized by Indian Red Cross Society.
- Outreach program in Government Schools I have given awareness lectures to two Government School children in the field of Remote Sensing, GIS, and Space Sciences in Erode, TamilNadu.
- NSS Volunteer at Anna University Regional Campus, Tirunelveli Actively involved in planting trees and cleaning the campus along with cleaning, I have joined with the team in creating awareness about cleanliness in Melapalayam locality in Tirunelveli district
